

since 1990

primavera

Their smile is the greatest gift – join now and support children and young adults!

At Primavera, you can be sure that **every cent of your donation** reaches needy children and adolescents. How is this possible? Primavera is a non-profit association founded over 25 years ago by Bosch employees with the aim to take care of children and young adults from slums worldwide, and to give them a long-term perspective.

The projects are carefully checked in advance and supervised locally by Bosch employees. Up to today we support **more than 30,000** children and young adults, and put every year a smile in their faces. Join us and become a member with a voluntary annual donation. For further information please visit **www.primavera-ev.de**.

Yes, I would like to become a member!
