

Summer festival in the park

Also this year there will be a Primavera summer festival with lots of attractions, shows and competitions for all ages again. Also guided tours through the former home of Robert Bosch are offered and at the small market you can acquire a lot of pretty things.

Because part of the event will be a colorful bazaar, where guests can look forward to an exciting and turbulent bargain hunting. There you will find everything - from the nostalgic juicer, postmodern toaster, old board games, books, or toys. There is something for everyone.

The bazaar offers everything except old clothing or defective items!

Not to forget:

The Primavera raffle where you can win great prizes. Of course, we will spoil our guests with delicious food and drinks.

We are looking forward to seeing you again.
